

ARTICLE XVIII

Allocation and Cancellation of Special Drawing Rights

Section 1. *Principles and considerations governing allocation and cancellation*

(a) In all its decisions with respect to the allocation and cancellation of special drawing rights the Fund shall seek to meet the long-term global need, as and when it arises, to supplement existing reserve assets in such manner as will promote the attainment of its purposes and will avoid economic stagnation and deflation as well as excess demand and inflation in the world.

(b) The first decision to allocate special drawing rights shall take into account, as special considerations, a collective judgment that there is a global need to supplement reserves, and the attainment of a better balance of payments equilibrium, as well as the likelihood of a better working of the adjustment process in the future.

Section 2. *Allocation and cancellation*

(a) Decisions of the Fund to allocate or cancel special drawing rights shall be made for basic periods which shall run consecutively and shall be five years in duration. The first basic period shall begin on the date of the first decision to allocate special drawing rights or such later date as may be specified in that decision. Any allocations or cancellations shall take place at yearly intervals.

(b) The rates at which allocations are to be made shall be expressed as percentages of quotas on the date of each decision to allocate. The rates at which special drawing rights are to be cancelled shall be expressed as percentages of net cumulative allocations of special drawing rights on the date of each decision to cancel. The percentages shall be the same for all participants.

(c) In its decision for any basic period the Fund may provide, notwithstanding (a) and (b) above, that:

- (i) the duration of the basic period shall be other than five years; or
- (ii) the allocations or cancellations shall take place at other than yearly intervals; or

XVIII. Allocation and Cancellation of Special Drawing Rights

- (iii) the basis for allocations or cancellations shall be the quotas or net cumulative allocations on dates other than the dates of decisions to allocate or cancel.

(d) A member that becomes a participant after a basic period starts shall receive allocations beginning with the next basic period in which allocations are made after it becomes a participant unless the Fund decides that the new participant shall start to receive allocations beginning with the next allocation after it becomes a participant. If the Fund decides that a member that becomes a participant during a basic period shall receive allocations during the remainder of that basic period and the participant was not a member on the dates established under (b) or (c) above, the Fund shall determine the basis on which these allocations to the participant shall be made.

(e) A participant shall receive allocations of special drawing rights made pursuant to any decision to allocate unless:

- (i) the Governor for the participant did not vote in favor of the decision; and
- (ii) the participant has notified the Fund in writing prior to the first allocation of special drawing rights under that decision that it does not wish special drawing rights to be allocated to it under the decision. On the request of a participant, the Fund may decide to terminate the effect of the notice with respect to allocations of special drawing rights subsequent to the termination.

(f) If on the effective date of any cancellation the amount of special drawing rights held by a participant is less than its share of the special drawing rights that are to be cancelled, the participant shall eliminate its negative balance as promptly as its gross reserve position permits and shall remain in consultation with the Fund for this purpose. Special drawing rights acquired by the participant after the effective date of the cancellation shall be applied against its negative balance and cancelled.

Section 3. *Unexpected major developments*

The Fund may change the rates or intervals of allocation or cancellation during the rest of a basic period or change the length of a basic period or start a new basic period, if at any time the Fund finds it desirable to do so because of unexpected major developments.

Section 4. *Decisions on allocations and cancellations*

(a) Decisions under Section 2(a), (b), and (c) or Section 3 of this Article shall be made by the Board of Governors on the basis of proposals of the Managing Director concurred in by the Executive Board.

(b) Before making any proposal, the Managing Director, after having satisfied himself that it will be consistent with the provisions of Section 1(a) of this Article, shall conduct such consultations as will enable him to ascertain that there is broad support among participants for the proposal. In addition, before making a proposal for the first allocation, the Managing Director shall satisfy himself that the provisions of Section 1(b) of this Article have been met and that there is broad support among participants to begin allocations; he shall make a proposal for the first allocation as soon after the establishment of the Special Drawing Rights Department as he is so satisfied.

(c) The Managing Director shall make proposals:

- (i) not later than six months before the end of each basic period;
- (ii) if no decision has been taken with respect to allocation or cancellation for a basic period, whenever he is satisfied that the provisions of (b) above have been met;
- (iii) when, in accordance with Section 3 of this Article, he considers that it would be desirable to change the rate or intervals of allocation or cancellation or change the length of a basic period or start a new basic period; or
- (iv) within six months of a request by the Board of Governors or the Executive Board;

provided that, if under (i), (iii), or (iv) above the Managing Director ascertains that there is no proposal which he considers to be consistent with the provisions of Section 1 of this Article that has broad support among participants in accordance with (b) above, he shall report to the Board of Governors and to the Executive Board.

(d) An eighty-five percent majority of the total voting power shall be required for decisions under Section 2(a), (b), and (c) or Section 3 of this Article except for decisions under Section 3 with respect to a decrease in the rates of allocation.
