

**Republic of Mozambique: Poverty Reduction Strategy Paper—
Annual Progress Report—Review of the Economic and Social Plan for 2007**

Poverty Reduction Strategy Papers (PRSPs) are prepared by member countries in broad consultation with stakeholders and development partners, including the staffs of the World Bank and the IMF. Updated every three years with annual progress reports, they describe the country's macroeconomic, structural, and social policies in support of growth and poverty reduction, as well as associated external financing needs and major sources of financing. This country document for the Republic of Mozambique, dated February 2008, is being made available on the IMF website by agreement with the member country as a service to users of the IMF website.
