Prepared by the Legal and Finance Departments, and the Institute for Capacity Development

- In March 2009, the Fund established a new Framework Administered Account to administer external financial resources for selected Fund activities (the “SFA Instrument”).**¹ The financing of activities under the terms of the SFA Instrument is implemented through the establishment and operation of a subaccount within the SFA. This paper requests Executive Board approval to establish the Africa Regional Technical Assistance Center West 2 (AFRITAC West 2) Subaccount (the “AFRITAC West 2 Subaccount” or the “Subaccount”) under the terms of the SFA Instrument.
- Management and staff have engaged in discussions with member countries in West Africa not covered by AFRITAC West, as well as with donors, on regional needs in technical assistance, training, and related activities.** Because AFRITACs have a proven track record in providing focused, flexible, and responsive technical assistance in a cost-effective manner, both beneficiary countries of AFRITAC West 2 and interested donors will support the Fund’s involvement in this regard. The Center’s activities will focus on the following key areas representing common policy challenges to member countries, including those related to increased regional integration in the areas of: (i) tax and customs policy and administration; (ii) public financial management; (iii) debt management and financial markets development and supervision; and (iv) economic and financial statistics. A Memorandum of Understanding was signed with the host country Ghana on April 18, 2013. The plan is to establish AFRITAC West 2 in Accra and to commence operations by the end of 2013.

¹ See Decision No. 14294-(09/31), adopted March 27, 2009. See also [Establishment of a New Framework Administered Account for Selected Fund Activities](#).

3. **On the basis of the above, the Managing Director has established the essential terms and conditions of the Subaccount, with respect to the nature, design, and implementation of the activities to be financed and the method by which the costs of the activities will be financed from the Subaccount.** These terms and conditions include the following:

- a. The resources of the Subaccount will consist of amounts contributed to the Subaccount by donors and beneficiary countries of AFRITAC West 2 (“Contributors”), and earnings that accrue as a result of the investment of these amounts (net of any costs associated with such investments). The resources of the Subaccount will be used to finance technical assistance, training, and related activities consistent with the purposes of the Fund for identified beneficiaries of AFRITAC West 2. The beneficiaries of AFRITAC West 2 are the following member countries in West Africa: Cape Verde, The Gambia, Ghana, Liberia, Nigeria, and Sierra Leone. Additional beneficiary members of AFRITAC West 2 may be added with the consent of the Managing Director and the concurrence of the Contributors.
- b. Each contributor will consent to the essential terms and conditions of the Subaccount before the Managing Director may accept a Contributor’s resources into the Subaccount.
- c. Resources will be placed in the Subaccount by each contributor on the basis of Letters of Understanding signed between the Contributor and the Fund relating to specific activities to be undertaken. Contributors may transfer resources from any bilateral subaccount under the SFA into the AFRITAC West 2 Subaccount.
- d. Contributors may join the Subaccount at any time. A Contributor’s consent to the essential terms and conditions of the Subaccount shall constitute the Contributor’s ex ante concurrence to any additional Contributor joining the Subaccount on the latter’s consent to the same essential terms and conditions.
- e. A Contributor may withdraw from the Subaccount, and receive a retransfer of its net contributions, without precipitating the termination of the Subaccount.
- f. To help defray the expenses incurred by the Fund in the management of the Subaccount, reimbursement equal to 7 percent of the expenses financed by the Subaccount will be paid to the Fund from the Subaccount.

4. **The essential terms and conditions of the Subaccount are consistent with the terms and conditions of the SFA Instrument.** The activities to be financed from the Subaccount are consistent with the purposes of the Fund. Therefore, it is proposed that the Executive Board approve the establishment of the Subaccount.
